THE FOUR-WAY TEST
of the things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

He received his BS and MS in Mechanical Engineering from the University of Nebraska and his MBA from Kent State in Ohio. He spent 15 years in Alliance, Ohio. There he was a member of the Jaycees, the club named the outstanding chapter in the US. He helped to establish a carbon composite business for Babcock & Wilcox there. He also developed and manufactured the first carbon fiber composite ball and butterfly valves for corrosive chemicals. Phil established and managed a subsidiary US company for a Switzerland manufacturer of injection molding machines and ceramic presses. He is married to Ginger and they have two sons and a daughter with 8 grandchildren. They now have 6 engineers and 4 accountants in the family. He is going to tell us the rest of the story about Medical Murray, Inc.

MESSAGE FROM THE PRESIDENT

Fellow Rotarians,

We had a great week between the Arbor Day event and serving at the Ocoee Christian Center. We sold about 200 hamburgers and hot dogs plus quite a lot of beer. I think everyone enjoyed our offerings and the volunteers were great. Thank you to all who helped out on Saturday. On Sunday we serve about 20 folks dinner and everyone received a talk out box as well. I know they appreciated the food. This week we are having a hard time scheduling the Board meeting but I am still trying for Jan. 25, this Thursday night. If I don't get a good response for this, we will put off a week or so. We need to get the Golf and Cinco de Mayo plans going regardless and we need sponsors for both. Let me know what you can do to assist with securing some sponsors. We have food truck this Friday night and Next Monday night is our open house social. Remember to bring family and friends!

Yours in Rotary! ***Norma***
