Meeting every Tuesday @ 6:54AM
Windermere Town Hall

Windermere Rotary Club

Weekly Roundabout

Quote of the Week: “When a man becomes a fireman his greatest act of bravery has been accomplished. What he does after that is all in the line of work.”

Edward F. Croker

THE FOUR-WAY TEST
of the things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

PROGRAM FOR THE WEEK:

Chief Richard LePere
Reedy Creek Improvement District
Fire and Rescue Department

Chief Richard D. LePere, Jr. was appointed Fire Chief for Reedy Creek Emergency Services in April, 2013. He has an understanding of comprehensive emergency services and came prepared to lead the safety efforts for the millions of guests visiting Walt Disney World Resort.

He became a Florida state certified firefighter in 1980 and progressed through the ranks including firefighter, safety officer, lieutenant, fire inspector, captain and assistant chief before his new position. He has a bachelor's degree from Warner Southern College and is certified by the State of Florida as an EMT, Fire Officer II, Inspector II and Fire Service Instructor III.

“I like to lead by example.” LePere said.
“Leading with integrity is critical to me.”

He said he is accountable for what he does and expects his employees to be accountable for what they do. “I don't want to forget where I came from,” LePere added. “I'm not above doing anything I'd ask our personnel to do.”

MESSAGE FROM THE PRESIDENT

Fellow Rotarians,

So what a great trip so far for Byron & I. We were in Las Vegas (check out the pictures at the end) and now Deer Vally, Utah. We had about a foot of snow last night so the mountain should be good for our first day of skiing. As I mentioned last week, Don Hairston, our VP, will preside over the meeting in the morning. Thanks to Don Greer for securing our speaker as well. Remember the dates, **March 24, May 5 and June 9th** on your calendar as we will need your assistance. Please look again at the Foundation information I am leaving in again this week. Also, big welcome to our newest upcoming member, Sofia. She is going to be an incredible member so let's get her involved in our projects right away. See you next week at the Board meeting, Wednesday night the **28th Feb.** Thanks.

Yours in Service through Rotary *Norma*

Let's talk about how we can support the kids this spring!

FYI

Anne Schuchat, MD, acting director of the CDC, confirmed that flu activity in the United States remains high, and figures to remain at that level for several more weeks.

Hospitalization rates for influenza are at their highest rate in at least 10 years.

Morbidity and Mortality Weekly Report reported that vaccinations against influenza A and B were showing a 36 percent effectiveness rate. However, 2018's dominant strain of flu, H3N2, came in far lower with only a 25 percent effectiveness rate.

The encouraging portion of the news, however, is that H3N2 is an A virus, which has led to this season's most severe cases. In recent weeks, the B and H1N1 viruses have been common—and vaccinations against H1N1 have shown a 67 percent rate of effectiveness.

It would stand to reason, therefore, that getting a flu shot is still a wise decision. The CDC reported 63 pediatric fatalities due to influenza this season. Schuchat reported that approximately 75 percent of fatal cases occurred in patients who had not received a flu shot.
