The Rotary Club of Windermere has created an online registry for our Military heroes (active, retired, deceased) who are either from the local area or who are family and/or friends of area residents. Our goal is to create a respectable list of our Military service men and women online then to record these names and dates into a quality book to be put on public display in the Windermere Library. The site is ready now, although we will continue to enhance and improve it as we see entries generated. The link is <http://windermereveterans.com>. The cost is \$50 per entry. If you have a loved one who served or is currently serving, please consider honoring them by adding them to this registry as a record of our local military history. Thank you.

At the Rotary Board Meeting on November 19, 2019, the Rotary Board approved a Memorial Bench and Plaque for Bill Criswell, subject to the following changes in the design of the Plaque and overall cost of the project:

Total Cost of the Project: The Board approved using up to \$2,000 from the Veterans Fund for the Bench and Plaque. This will require the logo of the branch of service in which he served to be incorporated into the Plaque design. Design: The Board wants the Rotary logo to appear on the left side of the Plaque, and the branch of military service logo in which he served to appear at the far right hand side of the Plaque. The wording in between should contain the following:

In Memorium BILL CRISWELL, Rotarian Gentleman, Patriot, Friend

Many parties are already being worked on throughout our Zone, after all who doesn't like a party. Need more information-watch the Zoom Video in the Resources section if the Zone 33/34 Web site or send me an email and we'll send you a timeline to work to. And for those already working on their planned event, let us know if we can help, or pass on any advice you have for others who are just starting out on the organizing process.”

OUR ROTARY FAMILY

DAY 12 Today was a sight seeing day. I planned on spending about half a day touring the Aircraft carrier, the Destroyer and the Submarine. Well, I spent the first half of the day at the Vietnam Experience Exhibit. This was absolutely wonderful. It was set-up to emulate a military camp in Vietnam. There were all sorts of displays, tents, MASH units, river patrol boats, jeep, trucks, tanks and lots of helicopters. This was very educational. Then, I spent the rest of the day seeing what I originally intended to see. Needless to say, I stayed until closing time. The exhibits that are set-up inside the aircraft carrier are great.

I have worked many years writing software for the military and it was comforting to see my work contributing to such a worthy cause. My Dad, father-in-law, and three Uncles were all a part of the Armed forces along with many of my good friends and I have the upmost respect for them and their contributions. While, I was touring the ships and in the Vietnam encampment, there were a lot of volunteers contributing to the experience (there was maybe about twenty people at the exhibits all day because of the weather). With each volunteer, I could feel their intense sense of pride, just like I did a couple of months ago, when I was at the VA hospital with a very good friend. All of these folks that I know, and have known, have an even more elevated respect in my eyes. I would absolutely recommend Patriots Point as a full day experience and not to be passed up, if you are in the area.

Tomorrow, I am going to head in Charleston, itself and see that the city is all about.

I could not be happier the crew that is going to assist in bringing "Nowhere to Be" the rest of the way. It is my Uncle Tom! He is a great problem solver, absolutely amazing with tools and fixing things. He has been on some of my other wonderful experiences, such as; shrimping, boating, jeeping and a little bit of Rving (during his annual Mission trip). He is an absolute blessing to have onboard.

He is arriving on Tuesday and we will provision the vessel and they start wandering down the ICW on Wednesday.

DAY 13 Today was spent touring the city of Charleston itself. I was on the first shuttle over to the city, and I was on the last shuttle back. I did a self-guided walking tour and then I took the recommendation of my friends and did the house-drawn carriage tour of the city. Very interesting city. Lots of good American history in this town. They are still proud that they were the first to succeed from the Union and firing on Fort Sumter.

They are not allowed to change any of the exterior of the buildings because of a law they passed about 100 years ago. So, you can buy a house and totally replace the inside, but the outside must remain exactly the same. Even the color of house can not be changed.

They have lots of little parks around the city.

Tomorrow, Uncle Tom will be arriving. We will provision the boat and then start heading down south early Wednesday morning.
