The 4-Way Test of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Katie Moffatt is a radiation therapist with over a decade of experience. She has extensive leadership training and holds a Master of Public Health degree from Benedictine University. She has assisted in the opening of multiple proton therapy centers. Her focus has been on the development, implementation, and execution of various proton clinical education programs. Katie is currently the proton therapy manager at Orlando Health. The center opened in 2016 and has served over 500 patients. In addition to direct staff training, she developed proton education programs for the health system and the community. Prior to Orlando, Katie was a radiation therapist at Penn Medicine in Philadelphia, PA specializing in proton therapy education. Katie lives in Central Florida with her husband and two daughters.

MESSAGE FROM THE PRESIDENT

Fellow Rotarians,

It is my pleasure to serve as your 2019-2020 President of Rotary of Windermere.

This week we have a great speaker talking about Proton Therapy for cancer – don't miss this one!

Our Christmas Party is next Monday night – **Dec. 9th** (yes, it is here already!). Please bring a dish to eat, a toy for the tots (unwrapped) and a gift to exchange (per person). We have the delightful treat of the Edgewood Children's Ranch singing and entertaining us so you don't want to miss this by any chance! The next morning there will **not** be a meeting so come Monday night prepared to party!

The Ocoee Christian Center serving will be on Dec. 15 and we want to make this special for the Christmas season so please, especially if you haven't before, consider providing some food, cakes or candies and come serve if you can. It is a blessing for us to be able to do this.

My theme "I Believe..." holds different values and meanings for each person which is so important in order to grow our organization.

I Believe in my heart we will have great success as the 2019-2020 team of Rotary Club of Windermere.

Yours in Rotary Service Doug

ATTENTION ATTENTION

The only chance you have to win money here is to buy your **50/50 Tickets!**

The Rotary Club of Windermere has created an online registry for our Military heroes (active, retired, deceased) who are either from the local area or who are family and/or friends of area residents. Our goal is to create a respectable list of our Military service men and women online then to record these names and dates into a quality book to be put on public display in the Windermere Library. The site is ready now, although we will continue to enhance and improve it as we see entries generated. The link is <http://windermereveterans.com>. The cost is \$50 per entry. If you have a loved one who served or is currently serving, please consider honoring them by adding them to this registry as a record of our local military history. Thank you.

At the Rotary Board Meeting on November 19, 2019, the Rotary Board approved a Memorial Bench and Plaque for Bill Criswell, subject to the following changes in the design of the Plaque and overall cost of the project:

Total Cost of the Project: The Board approved using up to \$2,000 from the Veterans Fund for the Bench and Plaque. This will require the logo of the branch of service in which he served to be incorporated into the Plaque design. Design: The Board wants the Rotary logo to appear on the left side of the Plaque, and the branch of military service logo in which he served to appear at the far right hand side of the Plaque. The wording in between should contain the following:

In Memorium BILL CRISWELL, Rotarian Gentleman, Patriot, Friend

Day 7 Today was good day. We stayed away from the horrible "B's", the Bottom, Bridges and Boats. But, we did have two other "B's", we Bounced off the bottom once, the antennas on the top of the mast Brushed the underside of a bridge. We travel through Fort Lejeune today, that was very interesting and we docked the boat at a restaurant's dock and a really nice dinner. My current crew will be leaving me in Charleston on November 29 and I would like to have some more crew. If anyone is interested, please let me know. It should take about 5 to 6 days to get to Daytona beach.

The dingy is hanging that way so the rain water will drain out it.

Day 8 Today was a good day. The ICW here is a really a ditch with all sorts of fancy house along it. Myrtle Beach has all sorts of little "Villages" along the banks. Tomorrow, we will be continuing on down the ICW. We might have to anchor out tomorrow night.

Here is a one of the smaller houses, but it has a waterfall coming off the pool.

Day 9 Happy Thanksgiving!!!

I had a good Thanksgiving. We arrived in Charleston early enough that the crew disembarked and headed back home. I am very thankful for all of my wonderful friends that have responded to my daily emails with encouraging words and for all the friends that have taken their time to see me, in Annapolis, Norfolk and now in Charleston. I was also blessed to have my Son visit me in Beaufort. I have been truly blessed by each and everyone's long term friendship with me.

Today, I made a turkey on the boat and had him for lunch. I even had gravy for the turkey. I saved the wings as leftovers for tomorrow.

After my feast, I cleaned up the boat. Washed it, cleaned the bathrooms, living room and the kitchen. After that, I rehung the dinghy. Believe it or not, I actually, turned the TV on and watched a football game while studying the nautical charts.

Tomorrow is a day visiting with friends and taking a tour of the town.

Day 10 Today was a wonderful day. I ate all of my leftovers and friends picked me up at the Marina and we spent the day driving all around Charleston seeing the sites. We visited Fort Moultrie, Mount Pleasant and Isle of Palms. Very interesting places. Some bad weather is expected to be here on Sunday. So, tomorrow I will catch-up on paper work and minor boat items. I might even take a nap tomorrow.

The marina is located on Patriots Point and at the end of my dock is the Yorktown aircraft carrier, a destroyer and a submarine. Sunday, while the weather is bad. I am going to wander round them.

And of course, some type of Sunrise/Sunset picture. This picture is looking left from where the picture above was taken.

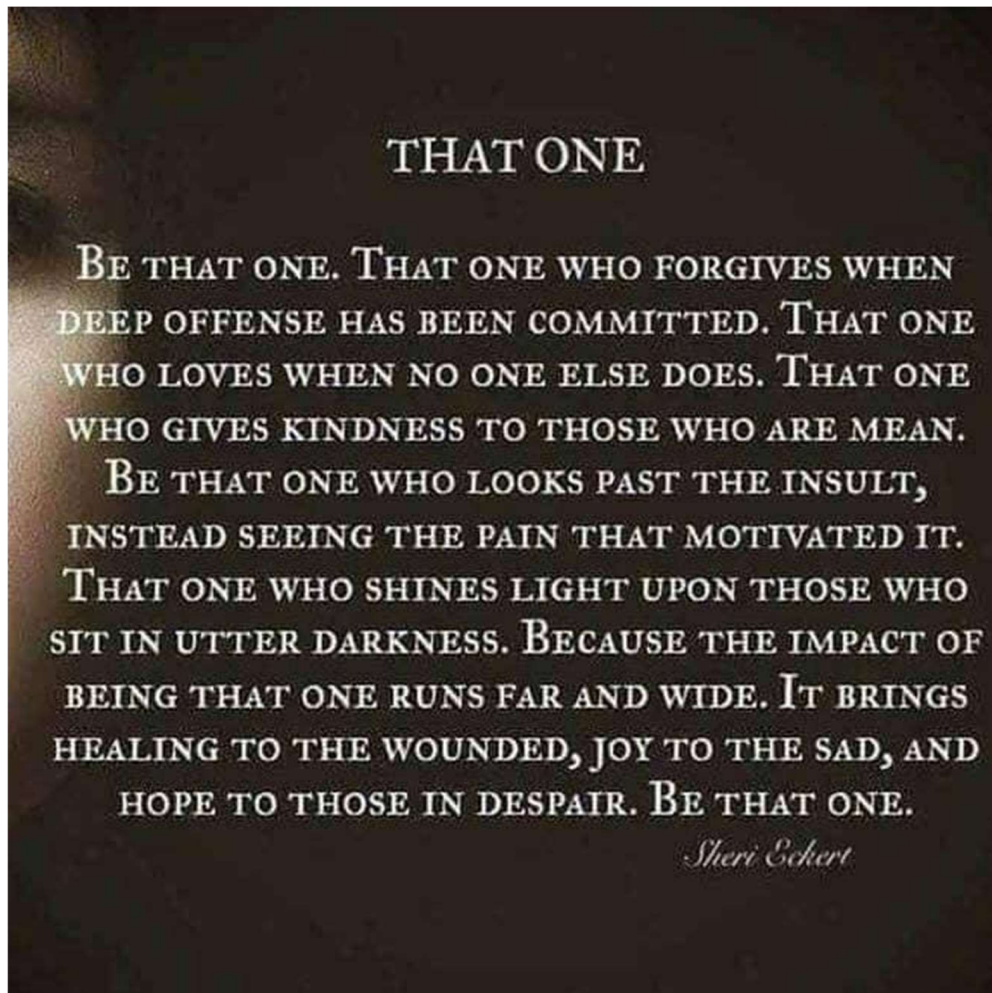

Day 11 I am waiting in Charleston, for what a friend wrote back and suggested, that I add it to my "B" list, Bad weather. Very Bad weather is expected to be here tomorrow through Monday. So, what a better place to wait it out, other than here, at this amazing marina and city. There are plenty of sights to see. Tomorrow, I will be touring the Destroyer and the Aircraft carrier.

Today, I spent the morning sitting in the cockpit of the boat with the warm sun on my face and the cool wind in my hair reflecting upon the trip. Traveling down the waterways, sitting on the bow of boat for hours as it weaved itself across these beautiful waterways this country has to offer, wondering what life would be like in the little fishing villages and communities. This experience and my travels through Germany and the Czech Republic earlier this year, just enforces that I lived in a very small micro-cosmos. There is so much to see and learn.

I walked over to the restaurant for lunch and had some wonderful fish tacos, came back to the boat and took a three hour nap. Yes, the nap was wonderful. After, my nap, I wrote in my journal for a couple of hours, had a snack for dinner, then reviewed the weather charts and the latest Coastal Pilot advisories.

So, I don't have any pictures to share from today, but I do have something in my journal and read often that I would like to share instead.

I hope and pray that I am, "That one".
