### PROGRAM OF THE WEEK

**David Brinckerhoff**  
Senior Vice President  
Brinckerhoff Financial Group  
Of Raymond James

### The 4-Way Test of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

David Brinckerhoff is a Senior Vice President of Investments and Certified Financial Planner with the Brinckerhoff Financial Group of Raymond James. David began his financial career in 2000 with A.G. Edwards, and then the team moved their practice to Raymond James in 2008. David also took the extra step of earning the certification of CERTIFIED FINANCIAL PLANNER™ practitioner in 2008.

David was born and lived in Dallas Texas for 12 years, but moved to Orlando in 1987, and grew up in the Dr. Phillips / Windermere area. He proudly attended Florida State University where he earned a Bachelor's Degree in Marketing, graduating cum laude in 1998. David currently lives in the Windermere area along with his wife Cari, and their two teenage children Ella and Austin.

David has been very active in his community, primarily as a member and leader of the Rotary Club of Lake Buena since 2008. He has served on the club's board of directors almost every year since 2009, and is a Past-President from the 2011-12 Rotary Year. He also served for many years on the board of the American Lung Association in Orlando, and spent numerous hours coaching baseball at Windermere Little League.

## ***MESSAGE FROM THE PRESIDENT***

**Greetings Windermere Rotary Family,**

**It is my pleasure to serve as your President for the Rotary Club of Windermere year 2020-2021.**

**Happy November as we celebrate Veterans Day!**

**I have an important announcement! We are going to have our very first Face-to-Face meeting this Tuesday, November 10<sup>th</sup> on the back porch at the Town Hall. The meeting will begin at 7:00 AM. For your protection the club has purchased the following safety items: a non-contact infrared body thermometer, disposable masks, disposable gloves, and hand sanitizer. At this time, we will not serve food, but you are welcome to bring your own coffee, etc. Everyone's temperature will be taken and masks are required as we practice social distancing. Our guest speaker is David Brinckerhoff with timely information about investments during these unusual times. That being said, this is a joyous time for our club as we welcome and induct our two newest members, Janet Mahon and Steve Simoneaux. I am in hopes these measures will provide a comfort level for each of you that will allows you to join us. I for one have really missed seeing everyone in person.**

**I sent a p-mail Friday outlining the club's plan for celebrating Veterans Day on Wednesday the 11<sup>th</sup>. Everyone (spouses, family members) is encouraged to join us as we honor veterans by holding signs and waving flags along Main Street during rush hour. Looking forward to seeing you in person Tuesday morning!**

**Yours in Rotary Service    Karen**

# Veterans FYI

Veterans and Gold Star Families will be granted free access to national parks, wildlife refuges and other Federal lands managed by the Department of the Interior starting on Veterans Day this year and every day onward.

“With the utmost respect and gratitude, we are granting Veterans and Gold Star Families free access to the iconic and treasured lands they fought to protect starting this Veterans Day and every single day thereafter,” said Secretary of the Interior David L. Bernhardt.

Entrance fees for the National Park Service and the U.S. Fish and Wildlife Service and standard amenity recreation fees for the Bureau of Land Management and the Bureau of Reclamation sites will be waived for Veterans and Gold Star Families. They will have free access to approximately 2,000 public locations spread out across more than 400 million acres of public lands, which host activities to fit any lifestyle, from serene to high octane, including hiking, fishing, paddling, biking, hunting, stargazing and climbing.

Many Department managed lands have direct connections to the American military, such as frontier forts, Cold War sites, battlefields, national cemeteries, and memorials. These special places pay tribute to our veterans and serve as reminders of their courage and sacrifice throughout the history of our nation, from Minuteman National Historic Park where colonists stood in defense of their rights, to Yellowstone National Park, which was protected from vandalism and poaching by the 1st U.S. Cavalry before the National Park Service was established, to Mount Rushmore where modern warriors attend reenlistment ceremonies.

## Details on program

For purposes of this program, a Veteran is identified as an individual who has served in the United States Armed Forces, including the National Guard and Reserves, and is able to present one of the following forms of identification:

- Department of Defense Identification Card
- [Veteran Health Identification Card \(VHIC\)](#)
- [Veteran ID Card](#)
- Veterans designation on a state-issued U.S. driver’s license or identification card

Gold Star Families are next of kin of a member of the United States Armed Forces who lost his or her life in a “qualifying situation,” such as a war, an international terrorist attack, or a military operation outside of the United States while serving with the United States Armed Forces.

The Interagency America the Beautiful National Parks and Federal Recreational Lands Pass Program already includes a free annual pass for active duty members of the U.S. Military and their dependents. Other free or discounted passes are available for persons with permanent disabilities, fourth grade students, volunteers, and senior citizens age 62 years or older.

The Department also offers free entrance days for everyone throughout the year to mark days of celebration and commemoration including the birthday of Martin Luther King, Jr., National Public Lands Day, Veterans Day, and the signing of the Great American Outdoors Act.

### NEWS from World Health Organization

- The vaccines must be proven safe and effective in large (phase III) clinical trials.
- [Many potential vaccines for COVID-19 are being studied](#), and some of the large clinical trials may report results in late 2020 or early 2021.
- A series of independent reviews of the efficacy and safety evidence is required, including regulatory review and approval in the country where the vaccine is manufactured, before WHO considers a vaccine product for [prequalification](#). Part of this process also involves the [Global Advisory Committee on Vaccine Safety](#).
- [An external panel of experts](#) convened by WHO, called SAGE, will analyze the results from clinical trials and along with evidence on the disease, age groups affected, risk factors for disease, and other information, they will recommend whether and how the vaccines should be used. Officials in individual countries will decide whether to approve the vaccines for national use and develop policies for how to use the vaccines in their country based on the WHO recommendations.
- The vaccines must be manufactured in large quantities, which will be a major and unprecedented challenge – all the while continuing to produce all the other important life-saving vaccines already in use. As a final step, vaccines will be distributed through a complex logistical process, with rigorous stock management and temperature control.
