Meeting in the Town Hall @ 6:54 AM
& via Zoom

Windermere Rotary Club

Weekly Roundabout

Quote of the Week: “Everything will be okay in the end. If it’s not okay, it’s not the end.”

John Lennon

PROGRAM OF THE WEEK

Secily Wilson

TEDx Speaker, Author, Philanthropist, Rotarian

The 4-Way Test *of things we do and say:*

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Secily is a best selling author of the debut book: "She Said the P Word", founder of WOW Legacy Group, a growing Central Florida non-profit with a mission to empower, educate, encourage and inspire women facing life adversity. She's also a Telly Award winning broadcast journalist, and Orlando Business Journal's 2021 Women Who Mean Business Honoree.

There's little veteran broadcast journalist Secily hasn't survived. Two strokes didn't stop her. Divorce didn't derail her. She lost her job and found her passion. She is woman who overcomes through sheer willpower, and she continues to thrive! She leads powerfully using her voice to inspire and influence the world!

After experiencing a series of unexpected life adversities, her life quickly fell apart. One of her favorite quotes is, "In order to find yourself, you must lose yourself in the service of others." The philanthropic bug bit her. She merged her profession with her passion; "Service above self."

MESSAGE FROM THE PRESIDENT

Greetings Windermere Rotary Family,

It is my pleasure to serve as your 2020-2021 President.

This week proves to be a busy week for RCoW. Tuesday morning, we will continue with our Hybrid meeting at the Town Hall. Then **Saturday, May 15th** we will gather to participate in the annual Edgewood Ranch picnic from **11:00-2:00**. I am encouraging everyone to make plans to attend. Judy and Lynn Hotalen have worked hard to plan a super fun event for the campers, staff, cottage parents and of course, us. Bring a chair, sunscreen, hat, etc. but most of all show up and join the fun. I sent an evite a week or two ago so be sure to respond and let us know how many in your family will attend.

The scholarship committee is in the process of selecting this year's scholarship recipients. Stay tuned for an announcement of our winners in the near future. This week I will deliver the plaques and cash awards to the winners of the 4-Way Test Essay contest to Thornebrooke and Windermere Elementary.

If you have not paid your dues for the 4th and last quarter of this fiscal year, please make every effort to get your money to Phil as soon as possible. Again, I want to thank everyone for hanging in with me during this most trying time. Whew.... it is almost over and you all deserve a medal. If you have not already, please get your COVID vaccination.

Save the Dates: Saturday, June 19th from 1:00 – 5:00 PM our club and the Dr Phillips Rotary Club will gather at the Town Hall to enjoy a casual afternoon of food, socializing and fun. This is an end of the year party for both clubs or shall we say a “Winedown” party! There will be a variety of beverages available but I like the play on words! More information to come.

Looking forward to seeing you Tuesday....this is a meeting you won't want to miss.

Yours in Rotary Service Karen

Covid-19 Situation in numbers (by WHO Region)

Total as of May 10, 2021

Globally 159 367 186 cases 3 312 218 deaths 2.08 % death rate

19 092 744 Currently Infected

106 858 Serious or Critical

Africa 4 674 008 cases 124 725 deaths

Americas 64 784 443 cases 1 576 278 deaths

Europe 45 543 251 cases 1 036 321 deaths

Asia 44 300 572 cases 573 670 deaths

US 33 479 348 cases 595 845 deaths 1.78 % death rate

US NEWS

151 315 505 people or 46% of population have received at least 1 dose, 103 860 011 people or 31% of population have been fully vaccinated.

There are two ways to become immune to an infectious disease: to catch it and fight it off so that the body forms antibodies, and to get a vaccine, which introduces a small amount the pathogen so the body can form antibodies without getting sick. People who are immune to a viral or bacterial infection protect not only themselves but the community at large. Herd immunity prevents the disease from spreading into vulnerable populations, limiting outbreaks.

When enough people are immune to a disease, however, either through natural immunity or vaccination, the germs have a difficult time spreading, which slows down transmission.

Even if there are only a few cases of a disease, **continuing to vaccinate is essential to maintaining herd immunity**. If people stopped vaccinating, the disease would eventually come back in full force. Worse, as it is the younger generation would be unvaccinated, the return of these illnesses could result in a lot of children falling ill.

Club Meeting Information
