MESSAGE FROM OUR RESIDENT

Greetings Windermere Rotary Family

It is my pleasure to serve as your 2021-2022 President.

This Tuesday we welcome our neighbor, attorney Pam Martini, as our speaker. Please come and wear your mask or join us via Zoom. (*Masks are required at all Town of Windermere functions per guidance from Orange County Executive Order 2021-24 dated July 28, 2021.*)

We now have six 2-person teams supporting Meals on Wheels. Francisco and Regiane Cidral are our newest participants and Chuck Barcus continues to serve and to administer our support to the program.

Our Pavilion Committee has to date identified four candidates for the position of Owner's Representative and is drafting a Scope of Work to define the details of the role. The Owner's Representative will assist the club in selecting and managing the pavilion prime contractors.

We are seeking sponsorship for our 4-Way Test essay program at Edgewood Ranch and Windermere and Thornebrooke elementary schools. Our members have identified five local orthodontists who may be willing to sponsor one or more schools.

This week we recognize and honor Don Hairston. Don is a Paul Harris Fellow, and a Rotarian for over 40 years. He was a member of 5 other Rotary clubs in Texas and Florida, serving as Tennis and Golf Committee Chair, Sergeant-at-Arms, Vocational Services Chair, and President. Since joining our club in 2016 he's been president, is now our Vocational Service Chair, chairs our Satellite Club start-up, and serves on the Board of the Pavilion Committee. He's run healthcare businesses in Texas and Florida, as president, VP, CEO, and CFO of multiple healthcare plans. Don and Karen have two daughters and three grandchildren. Don is dedicated, gets things done, does them well, and enjoys it. I'm proud to be his friend and neighbor.

Yours in Rotary Service - Frank

This month we have two fun club events planned:

- Wednesday August 4th 9am - Our second "Biking for Friendship" ride organized by Regiane and Francisco Cidral. Pick your speed and distance, some of us may go 50 miles. Meet up at the Winter Garden Station of the West Orange Trail.
- Monday August 23rd 6pm - Happy hour at Burntwood Tavern.

50 Things You Need to Know About Rotary

7 - FIRST NAMES OR NICKNAMES

From the earliest days of Rotary, members have referred to each other on a first-name basis. Since personal acquaintanceship and friendship are cornerstones of Rotary, it was natural that many clubs adopted the practice of setting aside formal titles in conversations among members. Individuals who normally would be addressed as Doctor, Professor, Mister, the Honorable or Sir are regularly called Joe, Bill, Charley or Jerry by other Rotarians. The characteristic Rotary club name badge fosters the first-name custom.

In a few areas, such as Europe, club members use a more formal style in addressing fellow members. In other parts of the world, mainly in Asian countries, the practice is to assign each new Rotarian a humorous nickname which relates to some personal characteristic or which is descriptive of the member's business or profession. A member nicknamed "Oxygen" is the manufacturer of chemical gas products. "Trees" is the nickname for the Rotarian in the lumber business, "Building" is the contractor, "Paper" is the stationery or office supply retailer. Other members might carry nicknames like "Muscles," "Foghorn" or "Smiles" as commentaries on their physical features.

The nicknames are frequently a source of good-natured fun and fellowship. But whether a Rotarian is addressed by a given first name or a nickname, the spirit of personal friendship is the initial step which opens doors to all other opportunities for service.

Polio remains endemic in two countries: Afghanistan and Pakistan. Until poliovirus transmission is interrupted in these countries, all countries remain at risk of importation of polio, especially vulnerable countries with weak public health and immunization services and travel or trade links to endemic countries.

Updates on Polio Eradication efforts on the two remaining endemic countries:

AFGANISTAN: There still has still been **only one** wild poliovirus type 1 (WPV1) case reported in 2021 while the **total number of 2020 cases remains at 56**. The number of circulating vaccine-derived poliovirus type 2 (cVDPV2) cases for 2021 totals to 42. There were 308 cVDPV2 cases reported in 2020.

PAKISTAN: There still has still been **only one** wild poliovirus type 1 (WPV1) case reported in **2021**. **The total number of 2020 cases remains at 84**. One WPV1 positive environmental sample was reported in Sindh. There are still only **8 cases** of vaccine-derived poliovirus type 2 (cVDPV2) so far in 2021. **The number of 2020 vaccine derived cases remains at 135**.
