BREAKING NEWS:

Monoclonal Antibody Therapy Treatments Available Now

Monoclonal Antibody Treatments (MAB) for COVID-19 can prevent severe illness, hospitalization, and death among high-risk individuals. This treatment is available widely in Florida.

Individuals 12 years and older who are high-risk, that have contracted or been exposed to COVID-19, are eligible for this treatment. Treatment is free and vaccination status does not matter. Learn more here.

[Find MAB Sites](#) | [Make An Appointment](#) | [Find Other MAB Locations](#)

Monoclonal antibodies are laboratory-made proteins that mimic the immune system's ability to fight off harmful antigens such as viruses. Sotrovimab is a monoclonal antibody that is specifically directed against the spike protein of SARS-CoV-2 and is designed to block the virus' attachment and entry into human cells. The FDA is carefully monitoring circulating viral variants and their sensitivity to monoclonal antibodies authorized to treat COVID-19, including sotrovimab. Laboratory testing showed that sotrovimab retains activity against the current circulating variants first reported in the United Kingdom, South Africa, Brazil, California, New York, and India.

The EUA allows for sotrovimab to be distributed and administered as a 500 milligram single dose intravenously by health care providers. The EUA was issued to GlaxoSmithKline.

In the United States, there are [three](#) anti-SARS-CoV-2 monoclonal antibody treatments with FDA Emergency Use Authorization (EUA) for the treatment of COVID-19: bamlanivimab plus etesevimab, casirivimab plus imdevimab,, and sotrovimab.

50 Things You Need to Know About Rotary

12 - WORLD UNDERSTANDING MONTH

The month of February is very special in the Rotary calendar since it is designated World Understanding Month. The month also includes the anniversary of the first meeting of Rotary held on February 23, 1905, now designated World Understanding and Peace Day.

In designating World Understanding Month, the Rotary International board asks all Rotary clubs to plan programs for their weekly meeting and undertake special activities to emphasize "understanding and goodwill as essential for world peace."

To observe this designated month, many clubs arrange international speakers, invite youth exchange students and international scholars from schools and universities to club meetings, plan programs featuring former Group Study Exchange team members, arrange discussions on international issues, present entertainment with an international cultural or artistic theme and schedule other programs with an international emphasis.

Many clubs take the opportunity to launch an international community service activity or make contact with a Rotary club in another country. It is a good month to initiate a Rotary Fellowship Exchange, a 3-H project, encourage support for PolioPlus and other Rotary Foundation programs.

World Understanding Month is a chance for every club to pause, plan and promote the Fourth Avenue of Service—Rotary's continued quest for goodwill, peace and understanding among people of the world.
