Happy Hour Tonight

Why limit happy to an hour?

The 4-Way Test
of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

MESSAGE FROM OUR PRESIDENT

Greetings Windermere Rotary Family

It is my pleasure to serve as your 2021-2022 President.

What's your sign? Do you come here often? What's a girl like you doing in a place like this? Tell me more about yourself. I want to know.

Actually, we all do. In his role as Vocational Service Chair, Don Hairston is helping us to get to know each other better by making a book with vocational and other information on each of us. It will give new members more of a sense of what and who they are joining.

Don extracted a copy of the bare-bones vocational information in the Rotary District data base (dacdb.com) and provided that in an email to each of us some time ago. Don is still waiting input from many of us. So please, tell us more about your vocation, and provide a photo and any other information you would like included. You can use the format from dacdb or provide it in any format you choose. OK, I'll start. Here's mine in the dacdb format:

LATEST NEWS (CDC)

New coronavirus infections dropped by nearly two-thirds in the past week across Florida, mirroring a nationwide plunge in cases.

Florida's COVID-19 case count grew by at least 42,373 this week, state health officials reported Friday, the lowest seven-day sum since Dec. 17.

That's a massive drop from the 122,000 new cases counted in the week ending Feb. 11, a sign that the airborne pathogen's omicron variant is well on the way out

Vaccination Update as of February 20, 2022

4 322 423 769 fully vaccinated or **54.5 %** Worldwide

213 949 978 fully vaccinated or **64.9 %** US population

14 118 218 fully vaccinated or **65.7 %** Florida population

948 931 fully vaccinated or **71.8 %** Orange County

Latest News (US News)

Scientists are continuing to monitor how long COVID-19 vaccine protection lasts. Recent studies show that protection against the virus may decrease over time. This reduction in protection has led CDC to recommend that everyone ages 12 years and older get a booster shot after completing their primary vaccination series.

People who received the Pfizer-BioNTech or Moderna COVID-19 vaccine for their primary series should get a booster shot at least 5 months after completing the primary series. People who received Johnson & Johnson's Janssen COVID-19 vaccine should get a booster shot at least 2 months after getting their first shot.

At this time, CDC recommends getting only one COVID-19 booster shot. CDC continues to review evidence and will update guidance as more information is available.

Youth Services Events

RYLA applications went out last week and we are had one successful applicant! So sorry we didn't attract more but our scholarship monies will send 4 more students to this great event. In addition, one Interact student at West Orange has qualified as a counselor and will be attending as well. (And that happens to be Matthew Bodine, Norma & Bryon's grandson.)

Rotary's Four-Way Test

Of the things we think, say or do

1. Is it the TRUTH?
2. Is it fair to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

50 Things You Should Know About Rotary

32 - RECREATIONAL AND VOCATIONAL FELLOWSHIPS

From stamp collecting to wine appreciation, the hobbies of Rotarians are as diverse as the membership itself. Yet, among the more than one million Rotarians worldwide, an amateur-radio enthusiast or a chess player is bound to find others who share the same passions. But Recreational Fellowship members share more than just their common interest in sport diving or Esperanto; they share an interest in fellowship and service and in promoting world understanding. As such, it's no wonder that the International Skiing Fellowship of Rotarians donates the profits from ski events to The Rotary Foundation or that the Flying Rotarians help ferry medical personnel and supplies.

One has only to look at the types of Vocational Fellowships to recognize how they differ from their recreational counterparts. With Rotarians united by their shared professional interest in such fields as Hospital Administration and Finance/Banking, it's obvious that Vocational Service is as important a concern as international fellowship to the members of these groups. Members exchange technical information and seek opportunities to employ their expertise in service not just to their own communities and countries, but to their professions as well. For example, the Ophthalmology International Vocational Fellowship organized a professional seminar on the subject of eye surgery in developing countries.

FYI

Orange County Transportation Initiative

On January 25, 2022, the transportation sales tax referendum effort was [re-launched](#) after a nearly two-year hiatus due to the COVID 19 pandemic crisis. The residents of Orange County are in the driver's seat, setting the direction of transportation policy as to where we're going and how we'll get there.

Orange County Government would like to invite residents to attend an upcoming, in-person, expo-style open house in their [district](#), hosted by Orange County Mayor Jerry L. Demings and their Orange County District Commissioner.

Residents will hear a short update on the County's proposed transportation initiative, then will have the opportunity to meet individually with the County's departments and transportation partners on how the initiative will impact their community. Residents are also encouraged to take a brief online survey on their transportation priorities.

Thanks, Coach, for the presentation last week!
