# MESSAGE FROM OUR PRESIDENT

## Greetings Windermere Rotary Family

*It is my pleasure to serve as your 2021-2022 President.*

**Helping Ukraine:** Sometimes it's good to remind ourselves, and others, what we are about. Briefly, we are: 1.2 million business, professional and community leaders in over 30,000 clubs in over 160 countries, united worldwide providing humanitarian service, encouraging high ethical standards in all vocations, and helping build goodwill and peace in the world. Nonpolitical, nonreligious, open to all cultures, races, and creeds.

Some of our members have family, friends, or acquaintances in Ukraine and are helping them directly. There are many other ways we can support humanitarian efforts in Ukraine. We can contribute to the Rotary Foundation's [Disaster Response Fund](#). Trustee Chair John Germ says the Foundation will focus current donations on helping Ukraine. Our District Governor, Barry Gainer, offers this perspective:

*“As with many global and regional events, RI "holds back" on immediate relief to allow first responders (in this case, the government) to handle immediate relief needs. As opportunities develop over a period of time, RI often takes the lead in relief efforts, rebuilding, etc. to ensure that we are connected with the right people, NGOs, etc. which will ensure maximum results for the dollars "invested". With that in mind, any Rotarian may reach out to their connections in affected areas, build a relationship with affected regional Rotary clubs or districts to assist as they see fit. Of course, RI has its people assist with peace efforts including participation in the UN and other peace affiliates in such events and in an ongoing manner.”*

**Here at Home: Visitors** - Our presence and outreach at the Windermere Art Show over the weekend generated a lot of recognition and interest in Rotary and in our club. Those we met were invited to our meeting this week. Please be prepared to greet and engage with visitors and show them that they are welcome.

**Election** - March 8 would normally be election day in Windermere. However, all candidates, Mayor Jim O'Brien, Town Council member Andy Williams, and previous Town Council member Molly Rose are all unopposed. So, The Town of Windermere will NOT have a Municipal Election March 8, 2022 and our meeting will be in person at Town Hall as usual, with Zoom access available.

**Yours in Rotary Service - Frank**

### LATEST NEWS (WEBMD)

March 4, 2022 -- U.S. Surgeon General Vivek Murthy, MD, has launched an effort to gather data and stories about COVID-19 misinformation. He issued a request on Thursday for input from technology companies, health care providers, and community organizations. The [request for information](#) is aimed at understanding the scope and impact of misinformation during the [pandemic](#), particularly related to people's willingness to seek care and get vaccinated. "Misinformation has had a profound impact on COVID-19 and our response," Murthy [told CNN](#).

"Studies have demonstrated that the vast majority of the American public either believes common myths around COVID-19 or thinks those myths might be true," he said. "And many of those include myths around the COVID-19 [vaccine](#), so we've seen firsthand how misinformation is harming people's health when it comes to COVID."

## Vaccination Update as of March 6, 2022

**4 400 787 953** fully vaccinated or **56.4 %** Worldwide

**215 274 110** fully vaccinated or **65.3 %** US population

**14 190 995** fully vaccinated or **66.1 %** Florida population

**954 667** fully vaccinated or **72.2 %** Orange County

### **Latest News (US News)**

Claims that COVID-19 jabs can alter human DNA resurfaced this week as vaccine sceptics across social media seized upon the results of a new study to suggest that people receiving the vaccine risked changing or even poisoning their genes.

"YES THE 'VACCINE' ALTERS YOUR DNA," read one post in a popular conspiracy forum, viewed more than 30,000 times.

Former TV chef Pete Evans also used his Telegram channel to announce that "mRNA could alter human DNA!", while also sharing an edited extract from the study that suggested this process may "potentially mediate GENOTOXIC SIDE EFFECTS".

So, should you be worried?

Not according to three experts consulted by Fact Check, who separately described the latest study as "regrettably weak", "[not] very robust" and "very limited" in its findings.

Published by academics in Sweden, [the study](#) purports to show that the "messenger" RNA at the heart of Pfizer's COVID-19 vaccine can be converted to DNA inside a human cell via "reverse transcription".

This is a process whereby RNA ([itself a product of DNA](#)) creates DNA. However, inserting that DNA into our genome requires a secondary process called "retrotransposition", which, as experts writing in The Conversation [have explained](#), is exceedingly rare.

According to a [fact sheet](#) written by the US Centres for Disease Control and Prevention, the genetic material contained in mRNA vaccines "never enters the nucleus [centre] of your cells, which is where your DNA is kept".

## **50 Things You Should Know About Rotary**

### **34 - ROTARY YOUTH LEADERSHIP AWARDS (RYLA)**

Each summer thousands of young people are selected to attend Rotary-sponsored leadership camps or seminars in the United States, Australia, Canada, India, France, Argentina, Korea and numerous other countries. In an informal out-of-doors atmosphere, 50 to 75 outstanding young men and/or women spend a week in a challenging program of discussions, inspirational addresses, leadership training and social activities designed to enhance personal development, leadership skills and good citizenship. The official name of this activity is the Rotary Youth Leadership Awards program (RYLA), although the event is occasionally referred to as Camp Royal, Camp Enterprise, Youth Leaders Seminars, Youth Conferences or other terms. The RYLA program began in Australia in 1959, when young people throughout the state of Queensland were selected to meet with Princess Alexandra, the young cousin of Queen Elizabeth II. The Rotarians of Brisbane, who hosted the participants, were impressed with the quality of the young leaders. It was decided to bring youth leaders together each year for a week of social, cultural and educational activities. The RYLA program gradually grew throughout all the Rotary districts of Australia and New Zealand. In 1971, the RI Board of Directors adopted RYLA as an official program of Rotary International.
