### The 4-Way Test

*of things we do and say:*

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

## ***MESSAGE FROM OUR PRESIDENT***

### **Greetings Windermere Rotary Family**

*It is my pleasure to serve as your 2022-2023 President.*

I trust you all had a wonderful 4<sup>th</sup> of July celebration and are ready to start the new Rotary year. As Rotary International says, the heart of Rotary is the members, all 1.4 million of us. And each club is unique, all 46,000 of them. Our club is certainly unique with its mix of new members and long-

standing members working together on many good deeds in the community, local and global. This should be an exciting year!

Our Rotary District 6980 is there to work with and support the activities of the clubs. The many experienced Rotarians who are in District positions have great knowledge of all aspects of Rotary. Our Area Governor Greg Gorski is very supportive of our club and always ready to help. The District provides significant training opportunities such as the Rotary Leadership Institute, District Assembly, and RYLA for our youth. There are experts in all areas including the five avenues of service ... Youth, Community, International, Vocational and Club Service. The District website is filled with good information. Take some time to explore it.

And this week we shall have the opportunity to get to know our new District Governor, Andres Goyanes. I hope you will be at the meeting on Tuesday to meet Andres and learn more about his objectives and plans for the coming year.

***Yours in Rotary Service - Jim***

### LATEST NEWS (CNBC)

- Countries are beginning to offer a fourth dose of the Covid-19 vaccine to vulnerable groups, but medical professionals are undecided on whether it would benefit the wider population.
- Questions are being raised over the need for more booster shots as the emergence of more Covid variants may require more targeted vaccines.
- The World Health Organization hasn't given an official recommendation on a fourth dose, and "there isn't any good evidence at this point of time," said WHO chief scientist Soumya Swaminathan.

## Vaccination Update as of July 6, 2022

**4 825 957 781** fully vaccinated or **61.9 %** Worldwide

**222 445 652** fully vaccinated or **67.5 %** US population

**14 535 778** fully vaccinated or **68.5 %** Florida population

**978 279** fully vaccinated or **74.05 %** Orange County

### **Latest News (ABC News)**

There are three COVID-19 vaccines approved for use in the U.S. The Pfizer, Moderna, and Johnson & Johnson vaccines are all highly effective in protecting you from the virus that causes COVID-19.

The CDC says there's a preference for the mRNA (Pfizer and Moderna) COVID-19 vaccines over the Johnson & Johnson vaccine. This is based on data from the Advisory Committee on Immunization Practices (ACIP). It discussed vaccine safety, vaccine effectiveness, rare negative side effects, and U.S. vaccine supply.

It's best to get a booster shot from either Pfizer or Moderna, but any booster is better than none. If you only have access to the Johnson & Johnson booster, you should still get it. The Pfizer vaccine received full FDA approval on Aug. 23 and is no longer under emergency use authorization (EUA). It will now be marketed under the name Comirnaty. Two other vaccines, from Novavax from AstraZeneca, are not available in the U.S.

Vaccines continue to lower your risk for severe disease, hospitalization, and death, even against the widespread Delta variant of COVID-19
