The 4-Way Test
of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Welcome Philip Koovakada, the new President of Health Central Hospital.

He comes to Orlando Health from Baptist Health System in San Antonio, Texas, where he served as president and CEO for St. Luke’s Baptist Hospital. Under his leadership St. Luke’s served the community as a comprehensive stroke center, a STEMI/Level IV trauma-receiving organization and a Level IV maternal/Level IV NICU-designated facility by the Texas Department of State Health Services. Prior to his role in San Antonio, Philip served as the chief executive officer for NMC Health Network in Nacogdoches, Texas, and held various leadership roles for Tenet in Nacogdoches and Palm Springs, California.

AT HEALTH CENTRAL HOSPITAL

MESSAGE FROM OUR PRESIDENT

Greetings Windermere Rotary Family

It is my pleasure to serve as your 2022-2023 President.

Rotary Leadership Institute is back live, starting on Saturday, August 20. This provides members the opportunity to learn much more about Rotary. If you have not gone to these classes, you may want to start now. I will be going, taking Part 1, and Candy Cole has also signed up. If others have already registered, please let me know. The schedule is breakfast from 7-8, classes from 8 to 3:30.

The location is the UCF Rosen College of Hospitality at 9907 Universal Blvd. in Orlando. The fee of \$100 (class materials, breakfast, and lunch) is reimbursable by our Club.

To register for the program, go to www.Rotarydistrict6980. On the home page click on "Calendar". In the right column you will see the list of events. Click on the RLI Orlando August 20 event. Scroll down, click on Register which takes you to DACdb to complete the registration process. Who knows? You might even be in one of the classes being led by our own Norma and Byron Sutton.

See you Tuesday morning at Orlando Health Central. If you can, try to get there early to go through security and get the catered hot breakfast provided by Health Central before the meeting starts around 7.

Yours in Rotary Service - Jim

LATEST NEWS (Washington Post)

The Centers for Disease Control and Prevention [on Thursday loosened many of its recommendations for battling the coronavirus](#), a strategic shift that puts more of the onus on individuals, rather than on schools, businesses and other institutions, to limit viral spread.

No longer do schools and other institutions need to screen apparently healthy students and employees as a matter of course. The CDC is putting less emphasis on social distancing — and the new guidance has dropped the “six foot” standard. The quarantine rule for unvaccinated people is gone. The agency’s focus now is on highly vulnerable populations and how to protect them — not on the vast majority of people who at this point have some immunity against the virus and are unlikely to become severely ill. The new recommendations signal that the Biden administration and its medical advisers have decided that the lower fatality rate from covid-19 in a heavily vaccinated population permits a less demanding set of guidelines.

Vaccination Update as of August 15, 2022

4 896 315 271 fully vaccinated or **63 %** Worldwide

223 457 170 fully vaccinated or **67.8 %** US population

14 609 388 fully vaccinated or **68.9 %** Florida population

984 118 fully vaccinated or **74.49 %** Orange County

Latest News (WebMD)

Aug. 8, 2022 – BioNTech expects to begin deliveries of two Omicron-adapted vaccines as soon as October.

The German biotech firm, which makes the Pfizer COVID-19 vaccine, announced the update Monday as it reaffirmed its vaccine revenue forecast for the year, according to The Associated Press.

BioNTech is expanding its COVID-19 product pipeline to aim for “prolonged and broad protection”, Ugur Sahin, MD, the company’s CEO and co-founder, said during the earnings call.

BioNTech and Pfizer have delivered 3.6 billion doses of the COVID-19 vaccine to 180 countries and territories. About 1.5 billion doses have gone to low- and middle-income countries.

Demand is decreasing in Western countries, where many people have received two to four shots by now, the AP reported.

But booster campaigns with updated shots that target Omicron variants are expected to increase demand this fall. Pending regulatory approval, both adapted vaccines will be available in time for fall booster campaigns, BioNTech said.

OUR ROTARY FAMILY

Emerson participated in two meetings of the Rotary Club Nova Andradina and took the President our gifts. All members of the club are very happy about our partnership and thanked us a lot for that.
