The 4-Way Test

of things we do and say:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Norine Dworkin is an award-winning author and blogger with 30-plus years experience as a print and digital journalist. Norine’s writing has been published in daily newspapers (Orange County Register, Cleveland Plain Dealer, Miami Herald), LGBTQ weeklies, The Village Voice and numerous magazines and websites, including Redbook, Marie Claire, More, Family Circle and Prevention. She is co-author of the Reader’s Digest book *Food Cures: Breakthrough Nutritional Prescriptions for Everything from Colds to Cancer* and a contributor to Chicken Soup for the Soul’s essay collection *Be You*. Her book, *Science of Parenthood: Thoroughly Unscientific Explanations for Utterly Baffling Parenting Situations* won the 2016 Independent Book Publishers Association Gold Benjamin Franklin Award for Parenting/Family and the Foreword Reviews Silver INDIE Award for Humor. She lives in Winter Garden with her teenage son.

MESSAGE FROM OUR PRESIDENT

Greetings Windermere Rotary Family

It is my pleasure to serve as your 2022-2023 President.

Edgewood Children's Ranch is planning to honor Lynn and Earl Hotalen by building an 18-hole disc golf course on the property in their name. It is expected to be a fun sport for the kids and a source of income with fundraising disc golf tournaments. We'll be donating the balance of our Happy Dollars at the end of August to support this project. Please keep that in mind when contributing to the Happy Dollar fund this month.

If you know Lynn and want to make a personal contribution in honor of her work and relationship with Rotary, just go to www.edgewoodranch.com and click on "Support Our Program".

Kristie and I are heading up to Minnesota tomorrow for Kristi's family reunion ... the 36th annual in Bemidji. So see you week after next. Have a great week.

Yours in Rotary Service - Jim

"Tell me and I forget. Teach me and I remember. Involve me and I learn."

Benjamin Franklin

US 93 054 184 cases 1 055 020 deaths 1.13 % death rate

Florida 6 833 217 cases 77 565 deaths 1.13 % death rate

Orange Co. 434 463 cases 2 931 deaths 0.67 % death rate

LATEST NEWS (Associated Press)

Two new studies provide more evidence that the [coronavirus pandemic](#) originated in a Wuhan, China market where live animals were sold – further bolstering the theory that the virus emerged in the wild rather than escaping from a Chinese lab.

The research, published online Tuesday by the journal Science, shows that the Huanan Seafood Wholesale Market was likely the early epicenter of the scourge that has now killed nearly 6.4 million people around the world. Scientists conclude that the virus that causes Covid-19, SARS-CoV-2, likely spilled from animals into people two separate times.

“All this evidence tells us the same thing: It points right to this particular market in the middle of Wuhan,” said Kristian Andersen a professor in the Department of Immunology and Microbiology at Scripps Research and coauthor of one of the studies. “I was quite convinced of the lab leak myself until we dove into this very carefully and looked at it much closer.”

Vaccination Update as of July 27, 2022

4 868 610 308 fully vaccinated or **62.4 %** Worldwide

223 222 467 fully vaccinated or **67.7 %** US population

14 581 207 fully vaccinated or **68.7 %** Florida population

981 544 fully vaccinated or **74.29 %** Orange County

Latest News (US News)

Vaccines are rightly acknowledged as being among the most important public health breakthroughs in human history. But disease prevention has always had its skeptics in America. As far back as 1721, Dr. Zabdiel Boylston agreed to try smallpox inoculation, which had been used with some success in Africa, to protect the people of Boston when an epidemic swept the city. Despite his success in lowering death rates among the inoculated, Boylston and his family were subjected to public vitriol and threats.

Today, the pattern continues, noted pediatric immunization experts during a recent [webinar](#) hosted by U.S. News & World Report. Though scientists and researchers have developed effective vaccines to nearly eradicate diseases like measles and polio in many parts of the world – and to mitigate emerging global threats like [COVID-19](#) – a strong and vocal camp of deniers continues to undermine their efforts. Today, experts say, [misinformation and outright disinformation](#) are contributing to unnecessary illness and deaths by bolstering resistance to vaccines. And now this movement will lead to more children not being vaccinated, increasing their risk of contracting serious, but entirely preventable, diseases.

RLI Returns To District 6980

SAVE THE DATE

By Cindi Cioci

RLI will be held in person at the Rosen School of Hospitality Management, 9907 Universal Blvd, Orlando, FL 32819 on **Saturday, August 20, 2022, 7:00 a.m. - 3:30 p.m. Classes offered will be Part 1, 2, 3 and Grad - Foundation. Registration is open on the District Calendar. This will be the first time back "in person" in more than 2 years.**

Big crowd at Burntwood for the social hour last week – here are just a few!

OUR ROTARY FAMILY

From Emerson:

Here in Brazil everything is doing well! Here are pictures of me in my companies in Brazil with my employees.

Mama duck and all her babies took a stroll through Old Town in front of the popcorn store!

Byron & cousin Jim Sutton at his place on the Kenai Peninsula in Alaska.

We just arrived last night and are ready to fish all week! Salmon and halibut are plentiful.
