The Education System in Brazil

The 4-Way Test *of things we do and say:*

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Regiane has a BS in Business with an emphasis in International Business and an MBA in International Commerce. She has experience with different companies and fields, from ornamental stones to electronic components.

At the age of 17, Regiane was a Rotary Exchange Student and lived in Canada for a year, which was decisive in her career choice. She worked as an English teacher while at the University. Coming from an Italian heritage, she has been a volunteer at the Italian Trentini Association in Florianópolis - Brazil (her hometown). She has had the opportunity to travel to Trento, Italy, representing the youth community.

Married to Francisco Cidral for over 24 years, they have been living in the USA for the past 10 years. They recently became US citizens.

Francisco and Regiane have a consulting company focused on the scientific validation and registration of Health and Wellness products.

Regiane joined Rotary in 2021 and is currently the PI chair representative.

MESSAGE FROM OUR PRESIDENT

Greetings Windermere Rotary Family

It is my pleasure to serve as your 2022-2023 President.

September is Literacy Month on the Rotary calendar. The Rotary website says that more than 775 million people over the age of 15 are illiterate. That is 17% of the world's adult population.

The Rotary Foundation goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Our donations to the Foundation support education for all children and literacy for children and adults. Thanks to all of you who make the quarterly donations. Should you feel motivated to make an additional donation to The Rotary Foundation it is easy to do in My Rotary at the [Rotary.org](https://www.rotary.org) website.

Yours in Rotary Service - Jim

"A literate world is a possible and desirable one. There are enough resources. What is now needed is the collective will of the international community to ensure that the necessary support is forthcoming."

LATEST NEWS (Today)

Unfortunately, COVID-19 and its variants are not likely to disappear any time soon. COVID predictions are leaning toward an endemic, meaning the virus will become familiar and seasonal like the cold or flu. COVID will probably transition from a pandemic to an endemic in 2023, which is good and bad news. In the future endemic, weaker variants may mean fewer deaths, but the number of deaths that will still occur could be staggering. Although we consider Omicron to be less deadly, it has caused [more deaths](#) than the Delta variant. This is because Omicron spreads more rapidly. Deaths aren't the only negative aspect of endemic COVID.

Long COVID symptoms are another severe consequence of allowing this virus to spread unchecked. Infected people who survive their illness may bear lifelong symptoms such as fatigue, headaches, and loss of smell or taste.

Although the COVID endemic predictions may feel discouraging, everyone must maintain hope and continue fighting this disease.

If Americans decide too soon that the battle with COVID is “over,” we could drag this virus with us forever. The virus may become part of our everyday lives, but limiting hospitalizations, deaths, and long COVID illness cases is still crucial.

Vaccination Update as of September 8, 2022

4 929 999 693 fully vaccinated or **63.2 %** Worldwide

224 367 691 fully vaccinated or **68.1 %** US population

14 648 767 fully vaccinated or **69 %** Florida population

986 895 fully vaccinated or **74.7 %** Orange County

Latest News (WebMD News)

The Covid-19 vaccine has changed the course of the pandemic. In total, 161 doses have been given for every 100 people around the world. In countries that reached the highest levels of vaccination, [death rates plummeted](#).

Amid this progress, the world was caught off guard when the omicron variant rose to prominence in late 2021. Omicron proved somewhat less severe than previous variants, but it spread much faster.

Millions of vaccinated people have gotten sick from the omicron strain, but the shots served their most important function—preventing severe illness. During the omicron wave, vaccination with a booster reduced the chance of [hospitalization and death](#) by [more than 90%](#). Sudden spikes of cases from the fast-moving variant have pressured health systems, but the outlook for the average Covid patient has improved significantly.

Rotary Club License Plates

Fellow Rotarians, as well as family and friends of Rotary, the new Florida Rotary Tag website is live. You can use this website to access the Orange County online voucher pre-sale system to reserve yours. Go to <http://www.floridarotarytag.com> to see it. We need to have 3,000 vouchers sold for it to go into production. Please start sharing this website with everyone you know and remember you don't have to be a member of Rotary to get one! You can also buy a voucher through your local tag agency at your county's tax collector office. (This specialty license plate is only available for motor vehicles registered in the State of Florida)

Edgewood Children's Ranch Picnic

Rotary Club of Windermere is sponsoring a picnic for the kids at Edgewood on Saturday, September 24th from 11 am until 2 pm. We will have two water slide inflatables, food trucks, games and fun with the kids. We need all the help we can get to interact and make this a great day for them. So, put this on your calendar and come out to the Ranch to enjoy the day.

September 11 – Windermere Memorial

Today we tell the story of Jeff Cox, Paul Harris Fellow, son of Rotarian Dale and Margaret Cox. Jeff was a member of the Eagle Scouts, and who at the age of 15 in 2011 won the National Eagle Scout Service Project of the Year award for the Boy Scouts of America.

He also won the National Glenn and Melinda Adams Award for the best service project out of 55,000 applicants, the

Orange County Citizen of the Year for District 1 and an all expense paid trip to London to meet Parliament and then Mayor Boris Johnson.

His story started at a summer camp, when he heard that it was possible to get a piece of the World Trade Center and to build a Memorial and that is what he did.

Gary Bruhn, the Mayor of the Town of Windermere at the time, helped find a quiet and secluded place near the Windermere Library and decided that was going to be the place for it. Jeff presented the project to the Town Council and got approval. The Rotary Club of Windermere supported his project financially.

Over 2000 volunteer hours were documented on this project, and many boy scouts helped paint the tiles that were placed over the side of the monument. There is a tile for every Country showing the International laws and also for those who lost a loved one. There are tiles representing the firefighters, the Pentagon, and the Police Officers who lost their lives as well. The granite was a donation.

During the many calls to the Port Authority, Jeff was given 7 options of pieces to choose from, and he chose this piece of steel in particular because of the rip in the middle and the twisted nuts on the side.

Jeff lived in Breckenridge, Colorado after high school graduation, graduated from Rollins College and came back home, where he lives now selling solar panels.

The monument stands close to the Windermere Pubic Library and Town Hall, and is visited by many people every year.

On this day, we remember the lives lost and the community that came together to help one another at such difficult time.

This YouTube video tells the story in Jeff's own words:
